

ENDOSCOPY TECH – MIDWEST ENDOSCOPY CENTER

OVERVIEW

We are seeking a skilled and dedicated Endoscopy Technician to join our medical team. As an Endoscopy Technician, you will play a crucial role in assisting with diagnostic evaluations and medical procedures. Your expertise and attention to detail will contribute to the accurate diagnosis and treatment of patients.

RESPONSIBILITIES

- The Endoscopy Technician prepares, assembles, and organizes the work environment, equipment and supplies necessary to perform diagnostic and/or therapeutic procedures.
- Assist physicians during endoscopic procedures, ensuring patient comfort and safety.
- Monitor patients' vital signs and provide appropriate documentation.
- Maintain aseptic technique throughout procedures to prevent infection.
- Knowledge of the use and handling of procedure equipment and endoscopy scopes, standard precautions and terminal cleaning of procedure rooms and endo scopes following procedures.
- Collaborate with the healthcare team to ensure smooth workflow and efficient patient care.
- Provide patient education regarding pre- and post-procedure instructions.

SKILLS

- Minimum education: high school graduate or equivalent
- Graduate of approved Operating Room Technical School with certification preferred
- One (1) year of on-the-job experience in an endoscopy setting preferred
- Current Basic Cardiac Life Support Certification
- Proficiency in ER (endoscopy room) setup and operation
- Knowledge of aseptic technique to maintain a sterile environment
- One (1) year of on-the-job experience in an endoscopy setting preferred
- Strong understanding of human anatomy, physiology, and medical terminology

If you are a detail-oriented individual with a passion for providing exceptional patient care, we encourage you to apply for the position of Endoscopy Technician. Join our team and contribute to improving the health and well-being of our patients! Please send cover letter and resume directly to HR@suburbangi.com
